Click here for COVID-19 tools.

As we make our way out of the COVID-19 crisis and open our businesses, here are some commonsense practices that will make you a winner with your customers!

● **When servicing a route:**

- Have your employees wear masks and gloves – regardless if it is required by local jurisdictions.
- Change gloves often.
- Wash hands often. Make sure you have hand sanitizer.
- Use paper towels or clean cloths when wiping down machines. Make sure to clean the handles and inside the chute and chute cover.
- Make sure candy and gum is in sealed containers and not touched by hands.

● **Wipe down boxes and bags upon receipt before you place them in your vehicle.**

● **Ask your locations to wipe down the machines regularly. If possible, provide them with the supplies to do so. It is in their best interest.**

● **When handling coins, make sure you use gloves and discard them after they are counted and bagged.**
